**DECLARATION OF CHRISTOPHE RACLE IN FURTHER SUPPORT OF
PLAINTIFF'S APPLICATION FOR A TEMPORARY RESTRAINING ORDER
AND PRELIMINARY INJUNCTION**

CHRISTOPHE RACLE, pursuant to 28 U.S.C. § 1746, declares the following to be true
and correct under the penalty of perjury:

1. I am the Chief Technology Officer / Client Support Manager of CDS SARL. I
provide technology support to CDS, Inc. and I submit this declaration in further support of CDS,
Inc.'s application for a temporary restraining order and preliminary injunction in the above
captioned matter. The facts stated below are either within my own knowledge and true or they
are based on information supplied to me and that information is true to the best of my
information and belief.

2. I submit this declaration to address (1) the assertion in Mr. Dogramaci's letter that "Mr. Zetler through CDS LLC, registered the Internet domain name 'cdsglobal.com'" and (2) to call to the Court's attention that Mr. Zetler, not content to take the CDSGlobal website / domain name, has also taken over and claimed ownership over the domain names that CDS SARL host for its clients. It should go without saying that there is no reason for Mr. Zetler or CDS LLC to have done this.

CDS GLOBAL DOMAIN REGISTRATION

3. I performed an historical analysis of the domain name registration for CDSGlobal.com (the "Domain") and can state that Mr. Zetler's claims that he registered the Domain in the name of CDS LLC are false, as can be seen from my report, a true and accurate copy of which is attached hereto as Exhibit A.

4. The Domain was not first registered to CDS LLC but was instead registered to CDS, Inc.

5. The Domain was registered from 2004 until April 2015 under the name of CDS, Inc. as owner – some eleven years.

6. From May 2015 until September 2015, the ownership of the Domain under the Whois record was hidden under the Whois privacy protections. I assume that Mr. Zetler changed this since neither CDS, Inc. nor CDS SARL did this. Certainly, changing the Domain registration information was not something Mr. Zetler discussed with me.

7. Starting in December 2015, the Domain ownership was changed, again, to CDS LLC. This change was neither discussed with anyone in Paris, to the best of my knowledge, nor was it authorized. The Domain belongs to CDS, Inc. and Mr. Zetler had no right to change the name of the owner to CDS LLC.

8. Sometime, I am not certain when, between March and April 29, 2016, Mr. Zetler moved the Domain from one server to another server. I believe that this is what caused the Domain and the website to go out of service over the weekend of April 30 – May 1. He should not have moved this – he had no right to do so and he certainly had no permission. I am told that Mr. Zetler claims that the website went down due to an “attempted hack”. To me, this is highly unbelievable in the absence of logs showing the attacks.

THE CDS CLIENT WEBSITES

9. CDS SARL and CDS, Inc. host websites for their modeling agency clients pursuant to web hosting agreements. These agreements are between the clients and either CDS, Inc. or CDS SARL but never between the clients and CDS LLC or Rapid Systems nor between the clients and Mr. Zetler personally.

10. These websites are hosted with CDS, Inc. listed as the owner on the Whois record and CDS, Inc. listed as the technology contact and administrative support contact. If the website hosting agreement comes to an end, we then simply change the registration on Whois to reflect that the registrant is the client. And this makes sense since the client owns the website and their domain – we do not, we just register for them.

11. As I was investigating the situation with the Domain, I happened to notice that the ownership listing for our clients’ websites on the Whois records had been altered by Mr. Zetler. CDS, Inc. was no longer listed as the registrant of the clients’ websites.

12. Instead, Bradley Zetler of CDS LLC was now listed as the “Registrant”. Mr. Zetler and CDS LLC are now holding themselves out to the world as the registrants, or owners, of websites that belong to our clients and which were originally established and previously registered under the name of CDS, Inc.

13. This is a serious issue. It represents, in my opinion, a risk to our relationships with our clients. They will certainly be upset when they are informed that the registration of their property, that we administer under a web hosting agreement, has been changed to CDS LLC, a stranger to them.

14. I attach, as Exhibit B, a true and accurate copy of my investigations regarding several of our clients. I have highlighted, in red, the changes on the Whois records. As can be seen, just from the sampling that I conducted, the following clients have been changed: Profile-Models.com; Nathalie-models.com; City-Models.com; Harry-Models.com; Synergymodels.com; and, Joule-Studio.com.

15. As can be seen from this declaration, Mr. Zetler did not own the Domain and should never have changed the registration information for the Domain and Mr. Zetler did not own our clients' websites but changed the registrations there also.

I declare under the penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Hi Jeremy,

I have analyzed the documents, maybe you already notice these points :

- Between 2004 until April 2015 the domain cdsglobal.com was registered under the company cDs Inc (page 23 and following pages)
- Between May 2015 until September 2015 the Whois record was hidden by privacy protection, so we don't see who is the owner of the domain during this period. (page 17 to 22)
- From December 2015, Who is record shows CDS LLC as domain owner. (page 7 to 16)
- To go back on the page 3, I noticed an error If I'm correct.

The date says "As of April 27, 2016 on top of the page, then on Registration details : Name servers is : Rackspace.com , where it should say "Amazon" as shown on Page 4 & 5 result of record. The IP address of the website should normally reflect the new IP.

It seems one record is missing, the Whois record sent on March 09, 2016 where it was still Rackspace as Name Server and Old Webserver IP.

Here are the record from March 09, the IP of the server changed between, March and April, so the website has been moved to new server. (but stay at Amazon)
You can see the old IP address of the webserver and we can see this server was hosting 22 other websites. (**52.16.135.217 - 22 other sites hosted on this server**)
